“From the first day Victor and I met Melissa to the day of our event, she made sure everything was **exactly what we wanted!** She helped us put together a **beautiful wedding package** that our family & friends are still talking about. Melissa has one of those **inviting, friendly personalities** that you instantly feel comfortable putting your special day into her hands. Planning a wedding can get very stressful and overwhelming, but working with Melissa it was extremely **STRESS FREE**. We feel we've walked away with a **new found friend** and can't stress enough how pleased other couples will be working with Melissa!” -Evamarie
